

TOWNSHIP COMMITTEE MEETING – JUNE 25, 2012

Mayor Bishop called the meeting to order at 6:00 p.m. and requested the Clerk to call the roll. The following members were present: Eric J. Houghtaling, Kevin B. McMillan and Mayor J. Randy Bishop. Absent: Mary Beth Jahn. (Dr. Michael Brantley arrived during the executive session portion of the meeting.

Also present at the dais were Richard J. Cuttrell, Municipal Clerk; Vito Gadaleta, Assistant Township Administrator; Michael J. Bascom, Chief Financial Officer; and Gene Anthony, Township Attorney.

Mayor Bishop announced that the notice requirements of R.S. 10:4-18 have been satisfied by the publication of the required advertisement in the Asbury Park Press and The Coaster on January 5, 2012, posting the notice on the Board in the Municipal Complex, and filing a copy of said notice with the Municipal Clerk.

The following items were discussed in open session:

The Committee discussed Single Stream Recycling. Mr. Bascom stated that this is one of the items on the 2012 capital request list. The concept would require two new style trucks and containers for all properties. He indicated that the concept is justified to move forward because it will likely save tens of thousands of dollars annually, possibly \$100,000 within a few years, which would guarantee that the initial cost would be covered. In addition, there is a need to replace two current recycling trucks so that cost would not be necessary. The concept would eliminate two Public Works positions, reduce landfill costs, increase revenue from commodity sales and reduce injuries from lifting containers.

The Mayor stated that once we have single stream recycling in place, the Township can look at forming a Recycling Bank. Mr. McMillan added that Bradley Beach has expressed interest in partnering in a Recycling Bank. Mr. Bascom stated that Single Stream Recycling would take about a year to implement and the initial costs would be about \$500,000 for the containers and \$600,000 for the trucks. Mr. Houghtaling stated that Wayne Rode is in favor of this and it would be good for our residents by making it easier to recycle and for our employees by reducing injuries.

Mr. Houghtaling provided a picture of a "Drive Like Your Kids Live Here" sign and asked that they be installed at various locations in the Gables section of the Township. The Mayor asked Mr. Gadaleta to ask the Police Department to perform random speed checks in the Gables.

The Committee indicated willingness to extend the Schoolhouse Square buying program through the end of 2012. The Township COAH Trust Fund Spending Plan indicates that funds can be used to reimburse the cost of the mortgage if so desired. A resolution extending the plan will be on the next regular meeting.

The Committee returned to the Meeting Room for the regular portion of the meeting.

#### PUBLIC COMMENTS ON RESOLUTIONS

The Mayor requested public comments regarding resolutions presented on this agenda.

Dorothy Argyros, 2100 Rutherford Ave commented on Resolution #12-249 and questioned whether this benefit accrued to all volunteer organizations or just to World Changers.

Mayor Bishop stated this was exclusively for World Changers.

Mrs. Argyros went on to comment on Resolution #12-256 asked the Committee to consider the salaries, the benefits and the over-time when hiring more police officers. She stated she was surprised that the Township was still hiring officers while other towns were laying them off. She went on to state that former Chief O'Neill told her that there would be attrition and the employees who retired would not be replaced and yet the Township is hiring and she would continue to remind people of this during election time. She also commented on Resolution #12-262 questioned what were the taxpayers getting for paying for educational seminars which may or may not contribute to the employee's performance. She stated it only makes the employee salable and questioned why should the taxpayers pay for social functions. She commented on Resolution #12-264 and questioned what was the immediate threat to life, health and safety pertaining to the two properties.

Mr. Cuttrell stated both had grass issues and one had open access to it so they had to board up windows to prevent things from entering.

Mr. McMillan stated the officers that were hired were Specials and they earned \$17 an hour.

Mrs. Argyros stated they would probably evolve into full police officers.

Mayor Bishop stated they were trying to put something in place as far as the classes & special events.

Mr. McMillan stated he actually attended some of those classes for sustainability and now before they entertain classes or events they have another set of eyes overseeing it to make sure that it is a match.

Michael Fornino questioned what was the date and time for the Freeholder's meeting that would be held here.

Mayor Bishop informed him that it was this Thursday at 7pm.

Mr. Fornino also questioned which liquor establishment was mentioned in Resolution #12-261.

Mr. Cuttrell stated it was an annual renewal and it was about five establishments tonight, whereas there were approximately twenty at the last meeting.

Mr. Fornino questioned what was the Township doing with Resolution #12-265.

Mr. Bascom stated we currently have a temporary building that we constructed ourselves which is not compliant with DEP regulations.

Mr. Fornino questioned what was a tide flex valve as mentioned in Resolution #12-269.

Mr. Bascom stated it was a valve that goes on the end of the outfall pipe. It is a back flow preventer.

Jack Pensabene, 1306 Ninth Avenue, commented on Resolution #12-262. He felt that a cost limit should be put on this.

Mr. Bascom stated they approve the process before hand and assured him that something was already in place.

Mr. Pensabene commented on Resolution #12-257 which transferred a taxi medallion. He questioned whether the license coordinator was in town and if the coordinator could make sure that they should not beep their horn when picking up passengers.

Hank Coakley, Valley Road, requested an explanation of Resolution #12-255.

Mr. Cuttrell stated the Federal Highway Administration was requiring all government entities and towns to adopt a plan and you have to have certain reflectivity and certain size of lettering and they were basically adopting a plan that says when a sign is going to be replaced we would adhere to the standards rather than going out an replacing every sign in town.

Mr. Coakley stated he hoped that when the signs die they would upgrade and he appreciated that they would do it piece meal. He also commented on Resolution #12-267 and questioned whether this was extra money or were they going to expand the project along S. Riverside Drive.

Mr. Bascom stated it was authorizing \$5,000.00 worth of additional work by the current vendor.

PRIVILEGE OF THE FLOOR/PUBLIC COMMENTS

Jack Bredin stated on the Township’s recycling schedule it states that if your pick up is disrupted by a holiday it will be picked up on the next regularly scheduled pick up day and this was a policy set up by the Township Committee. He felt that everyone should get an equal share of services and it should go on the agenda and the Committee should discuss it. He went on to state things would not change unless the directive came from the Committee.

Dorothy Argyros stated she was shocked that the Zoning Board has approved six more gas pumps at the proposed WaWa that would be located on the former Exxon site. She stated there was a lawsuit involving this site and people became sick due to contamination of the site and the contamination is still spreading as of now. She went on to state that Exxon spoiled more than a dozen homes and the other homes are worth next to nothing and the property owners cannot sell their properties without disclosing that contamination took place in that area. The property owners don’t even know that they are on the CEA list with the DEP.

Gail Oliver apologized that she never got a chance to read an article in the Coaster regarding skateboarding in the parks. She stated she called the Police when she saw someone skateboarding in the park on West Lake Avenue.

Michael Fornino discussed speeding along Oxford Way in the Gables and the need for speed tables. He also stated there were people parking their cars on the wrong side of the road in the Gables. He’s also stated that he noticed that grass was overgrown on Davis Avenue and if he saw it, then someone from the Township should see it as well.

Diana Harris stated she felt that the presence of additional police officers in the Midtown area has helped with the shootings in that area. She stated she disagreed with Mrs. Argyros comments earlier because there was a need for additional police officers. She questioned where the money

went when applying for one day events.

Mr. Cuttrell stated the money for the Special Event Permit went to the Township but the food vendors their money for the permit goes to the County.

Celestine Overby stated the cars are making a right onto Bangs Avenue from Neptune Boulevard when they shouldn't and it really scared her and she questioned what should she do.

Mayor Bishop stated he would look into it.

Jack Pensabene questioned how was the information disseminated for the cooling center and how would it be used.

Mayor Bascom stated it was put on the Township web site, the State Police web site and the United Alert. He also stated they would evaluate doing it when the heat index heats 95 and it also depends on the time of day.

Mr. Pensabene questioned how would it benefit the elderly who may not have access to a computer.

Mr. Bascom stated they could always call the Township and get someone during regular hours and after hours they could reach a shift commander in the Police Department and they would advise them what to do.

Mr. Pensabene stated that both he and his wife have been getting frustrated because they feel that they are being hassled when calling in complaints to the police department. He felt they were too occupied as to who they were and where there lived.

Mr. Bascom asked if that information could be passed onto the dispatch center.

Hank Coakley stated he knew that the judges denied the dredging permits and he knew that the Township instituted the lawsuit to dredge and he thanked them. He questioned whether they've ever considered appealing the decision.

Mayor Bishop stated this was not a dead issue.

Mr. McMillan offered a motion, seconded by Dr. Brantley, to adjourn. All were in favor.

Richard J. Cuttrell,  
Municipal Clerk
