Also present at the dais were Richard J. Cuttrell, Municipal Clerk; Vito D. Gadaleta, Township Administrator; and Michael J. Bascom, Chief Financial Officer. (Gene Anthony, Township Attorney, arrived at the end of the open workshop session)

Mayor Houghtaling announced that the notice requirements of R.S. 10:4-18 have been satisfied by the publication of the required advertisement in the Asbury Park Press on January 4, 2013 and The Coaster on January 3, 2013, posting the notice on the Board in the Municipal Complex, and filing a copy of said notice with the Municipal Clerk.

The following items were discussed in open session:

Maureen Gillespie, JSUMC Public Relations Manager and Stacy Donovan, “Paint the Town Pink” Coordinator. Ms. Donovan stated that JSUMC coordinates an annual “Paint the Town Pink” in May to promote an annual mammography awareness/wellness campaign. Dr. Brantley arrived. The event has evolved into a fund raiser (“Pink Fund”) to provide mammographies for women without insurance. There are now 17 towns involved in Monmouth and Ocean Counties. The program involves various contests in the community and encourages the color pink on businesses, cars, houses, etc. The Committee indicated that the Township is willing to participate fully in the program.

Mr. Gadaleta stated that the Township is a member of the federal flood insurance program also known as the Community Rating System (CRS). As a municipality participates in the CRS, the flood insurance premiums for residents are affected. Currently, the Township is at a Level 10 and the goal is to attain Level 6 or 7 status. This would result in a 20% reduction in flood insurance rates. Achieving that level is a matter of codifying things that the Township is already doing such as routine storm drain maintenance, flood mitigation and maintenance of Township properties. Mr. Gadaleta added that a RFQ has been prepared and advertised for a Consultant to give Township staff guidance with the program. The Consultant would direct the Township into programs and initiatives to achieve a lower level and; therefore, a greater reduction in flood insurance premiums. The Township plans on being ready to submit an application in October get to the Level 6 or 7 status.

The Committee discussed joint participation with the Board of Education on community newsletters. The Committee agreed to participate in three newsletters in March, early summer and Fall.

The Mayor stated that he received a letter regarding grants for preservation of historic structures. He believes that the Welsh Farms site may be eligible. Mr. Bascom stated that he would review the requirements and assign it to one of the Township’s grant writers.

The Mayor received paperwork regarding a $25,000 grant for businesses damaged by Sandy. Mr. Bascom stated that this information is on the Township web site, but the terms of the Township’ existing UDAG Program are better in both interest rates and length of loan.

The Committee reviewed their calendar for upcoming events and designated a Committee person for each upcoming homeowners association meetings. Mr. Bascom also scheduled departmental budget hearings so that each Committee member could attend with their respective departments.

Mr. Bascom stated that a request for $1.8 million has been submitted to FEMA for reimbursement for debris removal. The Township already received $1.8 million and this additional request would cover 90% of the total cost associated with debris removal. The protective measures worksheets and public building worksheets are complete and Witt Associates has reviewed this paperwork and will facilitate submittal to FEMA. There is a resolution on the regular agenda to hire an Architect for the Marina Building. Work continues on the removal of sand and sediment from the storm water system and the last of the sand is being removed from Ocean Grove streets. Representatives from the township met regarding the availability of CDBG funds for revolving loans for business enhancements/improvements and the Ocean Grove boardwalk. Meetings continue with the DEP regarding dredging. The Recovery Action Committee (RAC) met and will issue a recommendation on base flood elevations. COMMENTS FROM THE DAIS

Randy Bishop stated he attended the third session of the connecting corridor for the Memorial Drive project. They discussed some of the things that were on there and the hot spots. He also met with the Winding Ridge Tenant Association regarding ongoing concerns about their complex. He stated there would be a Spaghetti Dinner on Gully Road. He attended Pancake Day which was held at IHOP by IHOP for the Children's Miracle Network. He commended DPW and the entire staff for the work they did during the snow storm. He went on to state that they would be moving forward and would try and contact all of the homeowners who received damage during super Sandy’s storm. He wished his partner Dan Margo a Happy Birthday.

Kevin McMillan also wished Dan a Happy Birthday. He stated he attended the Westside Academy Black History Program that was held at Monmouth University and it gave him the opportunity to read to Middle School students. He also attended the Neptune girl’s basketball game vs Trenton Catholic and he was happy Neptune won the game. He commended Administration for their work during the storm. Dr. Michael Brantley stated the events he had scheduled were cancelled due to the snow storm. He stated he received nothing but compliments from his friends and neighbors regarding DPW because they were fast and thorough with the removal of the snow.

Mayor Houghtaling stated everyone has been going to meetings and it’s a very bureaucratic system right now and Neptune is a Town that needs help. He stated FEMA denied funding to the Camp Meeting Association to rebuild the boardwalk. So right now they must regroup and resubmit the application to help them with funding and if it doesn’t happen they must then go to plan c or d. He assured the residents that the Township would stay on top of this until the boardwalk is rebuilt. He stated that they had a meeting with members of the Governor’s office right here in this building and today he was in Trenton meeting with the Governor’s representatives as well where they had the same conversations and same problems as other towns. He announced that May 31st was the Mayor’s Ball and the proceeds would go to Mary’s Place By the Sea which is a place for women with cancer. He went on to state that we’ve had our second snow storm for the budgeted year. We plowed the snow and a wonderful job was done. He stated there was a house fire in Shark River Hills in which Pat Brema passed away. He expressed his condolences to the Brema Family. He also stated that there was another house fire in which the entire home burnt down. He stated the family was displaced and the Red Cross assisted and the Township gave out Walmart cards to the family because they had small children.

PRIVILEGE OF THE FLOOR/PUBLIC COMMENTS

Kennedy Buckley, Broadway, extended compliments to the snow plow operator on Broadway for plowing the snow to the center median. He stated that every winter, cars are parked on the snow emergency side of the street and plowing cannot be done efficiently. The Township needs to tow these cars. In addition, residents need to shovel their sidewalks, it’s the law and if it is not done, the Township should hire people to shovel and then lien the property.

Dorothy Argyros, 2100 Rutherford Avenue, stated that her street was clear of snow before she woke up on Saturday morning. She provided the Committee with information from the internet on the Williams case. She stated that settlements in lawsuits involving excessive force are happening a lot and America allows torture. The Bill of Rights is not being honored in this country and that is why she does not salute the flag.
Michael Fornino, 120 Fulham Place, stated that he is glad to hear that the Mayor’s Ball is supporting Mary’s Place and the Asbury Park Rotary Club raised $25,000 at a wine tasting event for Mary’s Place.

Lian Powlette, 1019 Eton Way, complimented the Township on a good job during the snowstorm. He submitted a letter from the Gables Residents Association requesting the planting of trees in Gables Park to replace the trees that were downed in Hurricane Sandy.

Hank Coakley, Valley Road, jokingly asked if the salt dome at Public Works was a wine cellar for former mayors in Monmouth County municipalities.

Heinz Weck, Ocean Grove, stated that the Pope is resigning and extended compliments to everyone for their performance during the snowstorm.

Mr. Bishop offered a motion, seconded by Dr. Brantley, to adjourn. All were in favor.

Richard J. Cuttrell,
Municipal Clerk
