

TOWNSHIP COMMITTEE MEETING – AUGUST 12, 2013

Mayor Houghtaling called the meeting to order at 6:00 p.m. and requested the Clerk to call the roll. The following members were present: J. Randy Bishop, Mary Beth Jahn, Kevin B. McMillan and Mayor Eric J. Houghtaling. (Dr. Michael Brantley arrived during the open workshop session)

Also present at the dais were Richard J. Cuttrell, Municipal Clerk; Vito D. Gadaleta, Township Administrator; Michael J. Bascom, Chief Financial Officer; and Gene Anthony, Township Attorney.

Mayor Houghtaling announced that the notice requirements of R.S. 10:4-18 have been satisfied by the publication of the required advertisement in the Asbury Park Press on January 4, 2013 and The Coaster on January 3, 2013, posting the notice on the Board in the Municipal Complex, and filing a copy of said notice with the Municipal Clerk.

The following items were discussed in open session:

The Committee discussed the renaming of Riverside Park to Volunteer Park. Mr. Bishop stated that for many years people have volunteered in the Township and we need to move on from the storm. The storm should not be the impetus for the change; therefore, if the renaming of the park is to recognize all of the volunteer efforts, then he would be in favor. Ms. Jahn and Dr. Brantley indicated that they approved of the name change. The Mayor stated that he agrees the renaming is a nice gesture and the Committee should make it a point to say that the name change is in recognition of all the volunteer efforts.

The Mayor stated that there has been discussion about allowing Ocean Grove residents to bag their leaves during leaf season to prevent clogging of storm drains. Wayne Rode, Public Works Director, indicated that bagging leaves in Ocean Grove is a good idea. He added that he is not concerned with the type of bag that residents use. Ms. Jahn asked about the leaves in the Ocean Grove parks. Mr. Rode stated that the contractor will continue to pick up leaves in the parks and those leaves would be vacuumed by Public Works. Mr. Rode also stated that he has been reviewing street sweeping options in Ocean Grove. He recommended that roads be swept during one week in May and then again during one week in October. Signs would be installed designating no parking on one side of the road during these periods. Mr. Rode estimated that it would take three months to install the signs at a cost of about \$20,000.

Dr. Brantley arrived.

Mr. Bishop stated that the unintended consequence of street sweeping will be the discovery of cars that are left on the street all winter by summer residents. Ann Horan, Ocean Grove Homeowners Association President, stated that the idea of bagging leaves was discussed at the last Association meeting and there was overwhelming support for the idea. The street sweeping concept was not discussed.

Mr. Bascom stated that fifty homes are still uninhabitable as a result of Sandy. The Township's projects with FEMA are in the process of being closed out. Meetings were conducted with NJDEP and NJDOT about dredging the Shark River and we are inching closer to the solution. Mr. Gadaleta stated that the Township is moving forward with the NJDEP Blue Acres Program and many property owners in the flood zone are interested in acquisition by the state.

AUTHORIZE AN EXECUTIVE SESSION AS AUTHORIZED BY THE OPEN PUBLIC MEETINGS ACT

Mr. Bishop offered the following resolution, moved and seconded by Ms. Jahn, that it be adopted:

WHEREAS, Section 8 of the Open Public Meetings Act, Chapter 231, P.L. 1975, permits the exclusion of the public from a meeting in certain circumstances; and,

WHEREAS, this public body is of the opinion that such circumstances presently exist,

THEREFORE, BE IT RESOLVED, by the Township Committee of the Township of Neptune, County of Monmouth, as follows:

1. The Public shall be excluded from discussion of and action upon the hereinafter specified subject matters.
2. The general nature of the subject matter to be discussed is as follows:

Discussion – Rooming and Boarding Licensure Board
Discussion – Police officer hiring.

3. It is anticipated at this time that the above stated subject matters will be made public when matters are resolved.

4. This Resolution shall take effect immediately.

The resolution was adopted on the following vote: Bishop, aye; Brantley, aye; Jahn, aye; McMillan, aye; and Houghtaling, aye.

The Committee entered executive session for discussion on closed session matters.

Mr. Anthony stated that he was contacted by Al Rescinio, Rooming and Boarding Licensure Board Attorney. One of the three members of the Board has not been attending meetings. After some discussion, it was estimated that only a few rooming and boarding houses remain in the Township versus 18 that existed when the Board was created. Mr. Anthony and Mr. Gadaleta will look into the matter and make a recommendation on whether or not the Board is necessary. If the Board was eliminated, licensure would be done by the State.

Mr. Bascom stated that a police officer rescinded one day after the last Township meeting at which four police officers were hired. He issued a memo to the Committee that recommended Aaron Lay be hired immediately so that he could enter the police academy. Mr. Lay was interviewed as part of the recent hirings and would be the last individual taken from that round of interviews. Mr. Lay had the opportunity to meet with the Committee members.

Mr. Gadaleta stated that interviews are taking place, or about to start, for the positions of Departmental Secretary in Construction, Assistant Engineer, Bookkeeper and Customer Service Representative.

Mr. Bascom stated that the Township will hold a public hearing at the August 26th meeting on its application for Monmouth County Open Space Grant funding. The recommendation is to construct a skate park at the corner of Neptune Boulevard and Stratford Avenue. The Committee raised some questions regarding insurance coverage and was informed by Mr. Gadaleta that the insurance carrier indicated that a skate park would be covered. The Committee indicated that a skate park was a good idea for this funding. Mr. Bascom added that cameras in the park would be included in the application and cameras are also being planned for Midtown Commons Park.

Mr. Bascom stated that the resolution to make improvements to the Wesley Lake wall needs to be tabled because of the expense of a concrete wall. The Engineering Department will look to rebid using the type of material already in use at the portion of the wall that previously collapsed.

The Committee returned to the Meeting Room for the regular portion of the meeting.

Mayor Houghtaling called the meeting to order and requested the Clerk to call the roll. The following members were present: J. Randy Bishop, Dr. Michael Brantley, Mary Beth Jahn, Kevin B. McMillan, and Mayor Eric J. Houghtaling.

Also present at the dais were Richard J. Cuttrell, Municipal Clerk; Vito D. Gadaleta, Township Administrator; Michael J. Bascom, Chief Financial Officer; and Gene Anthony, Township Attorney.

After a moment of Silent Prayer and the Flag Salute, the Mayor asked the Clerk to indicate the fire exits.

The Clerk stated, "Fire exits are located in the rear of the room and to my right. In case of fire you will be notified by bell and or public address system, then proceed to the nearest smoke-free exit"

Mayor Houghtaling announced that the notice requirements of R.S. 10:4-18 for an "Annual Notice" have been satisfied by the publication of the required advertisement in the Asbury Park Press on January 4, 2013 and The Coaster on January 3, 2013, posting the notice on the Board in the Municipal Complex, and filing a copy of said notice with the Municipal Clerk. In addition, the meeting agenda, resolutions and ordinances are posted online at www.neptunetownship.org.

PUBLIC COMMENTS ON RESOLUTION TO HIRE POLICE OFFICER

The Mayor requested public comments regarding a resolution to hire police officers and they were as follows:

Mr. Bascom stated that the Committee is voting to confirm the employment of Aaron Lay as a Police Officer. He provided background information on Mr. Lay including his service in volunteer emergency services.

Deputy Chief Hunt stated that the hiring process was the same as that used to employ four at the last Township Committee meeting.

Dorothy Argyros, 2100 Rutherford Avenue, stated that each police officer costs \$120,000 plus benefits and pension.

CONFIRM EMPLOYMENT OF POLICE OFFICER ON A PROBATIONARY BASIS

Mr. Bishop offered a motion, seconded by Mr. McMillan, to table a resolution to "Award bid for replacement of a portion of the Wesley Lake retaining wall". All were in favor, with Dr. Brantley and the Mayor stating that this project will be done.

PUBLIC COMMENTS ON RESOLUTIONS

The Mayor requested public comments regarding resolutions presented on this agenda and they were as follows:

Hank Coakley, Valley Road, asked what qualifications are need to serve on the Rooming and Boarding Licensure Board. The Mayor stated a willingness to serve and involvement in the community.

Ms. Argyros stated that the release of surety bonds for the Wal-Mart project is a bad move. Wal-Mart is a bad company and they pay very little to their workers. She personally boycotts the store.

Kennedy Buckley, 65 Broadway, in reference to traffic calming on South Riverside Drive, can anything be done about Broadway because the signage is ineffective. Mr. Bascom stated that road improvement ordinances now include traffic calming measures.

Jim Granelli, 113 Highland Avenue, asked what specifically is being done to calm traffic on South Riverside Drive. Mr. Bascom stated that the project includes narrowing the road with stripping and signage.

ORDINANCE NO. 13-26 - ADOPTED

Mr. Bishop offered the following ordinance, moved and seconded by Mr. McMillan, that it be adopted:

ORDINANCE NO. 13-26

AN ORDINANCE AMENDING VOLUME I, CHAPTER IV OF THE CODE OF THE TOWNSHIP OF NEPTUNE BY CREATING RENT CONTROL, PROTECTIVE TENANCY AND A RENT LEVELING BOARD

The Mayor requested comments on the above ordinance and they were as follows:

Dorothy Argyros urged the Committee to vote for this ordinance because she felt it was very important. She stated she wanted a settled community. She did not want vacant homes or her neighbors were always strangers.

Gene Anthony stated this was a rent control ordinance which was based on a rent control ordinance in both Eatontown and Red Bank and a number of other ordinances in Northern New Jersey that has withstood the constitution test. This ordinance doesn't apply to commercial rental owners, owner occupied two units or less residentially. It doesn't apply to single family homes no matter how many single family homes you own, the one exception has to deal with condo's and co-ops and it doesn't apply to hotels & motels, bed and breakfast, guest houses and houses that are Federally or State subsidized. He stated there was also the question of enforcement. Enforcement would be done by the tenant filing a complaint before the rent board. Likewise a landlord can file an application before the rent board for a capital improvement increase or a hardship increase that's absolutely necessary in order to allow a landlord to have a fair return on his investment and it has been successful. He can ask that a surcharge be passed to cover the capital improvement over a period of the life time of the capital improvement which is usually between ten and thirty years portioned out among all of the tenants. He stated it has to be approved by the rent board and the rent board has to find out there is a capital improvement and has to approve of the apportionment and hardship is another category. This is required by case law. The increase is based on the consumer pricing index on a yearly basis and it doesn't matter if it's a month to month tenancy or a year to year. He stated another provision was the vacancy decontrol issue and with that there is less transfer responsibility. It also guarantees that a tenant can stay there. It eliminates the chance of rent gauging and allows landlords to have a balanced income. New construction apartments are not subject to rent control for thirty years if a conversion takes place. If you are a senior citizen and is disabled and meet the income levels you can apply before the rent board for protection and if it is approved you can have protection for forty years.

Ron Simoncini, New Jersey Apt Association, stated he wanted to speak for 16 minutes to oppose this ordinance because he felt that Mr. Anthony was an advocate for it.

Mr. Anthony stated he was not an advocate for rent control. He gave a legal opinion at the request of the Township Committee.

Mr. Simoncini stated they were sentencing the landlords whose expenses would out case the rate of revenue and it would affect maintenance. He stated it was crazy to govern the property rights issues of Neptune on a volunteer rent board. He stated they needed a third party judiciary board and not a volunteer board with an attorney who would be billed at the town's expense. He felt the Township would only create lawsuits and that a census would have to be done. He asked whether they've heard from people who have been doing this for years and suggested they bring this matter up again at a later date.

Mr. Bishop stated the Landuse Boards were volunteer boards as well and we allow them.

Constance Holmes stated any money coming in and out of a household affects the economy and everything was based on sales. She stated she could make payments on her utilities until she caught up with them but that was not the case with her rent because she would have to pay late fees. If her rent was not paid after two months she would be evicted. She stated their rent was important to all of them and urged the Committee to pass this ordinance.

Frank Vitali stated he has invested heavily in Neptune and his expenses have exceeded some of the original mortgages. He felt the adoption of this ordinance would discourage investors. He asked the Committee to table this ordinance and do more investigative work. He stated Lakewood's rent control ordinance was fair to everyone. He stated he maintained his properties and this ordinance would discourage landlords from maintaining their property.

Mayor Houghtaling stated single family homes were not included in this ordinance.

Mr. Vitali stated that was not what he understood.

Mr. Anthony explained what was not covered and the hardship process if needed.

Vitali stated there were a lot of things to be considered and he wanted to sit down and see if they could do something where the landlords and tenants could work together so that everyone could be happy. He stated he understood that the tenants represented more votes than the landlords.

Dawn Graham a resident of Munroe Garden Apartments stated their landlord is not from New Jersey. He's done some nice things but the tenants did not control their own heat and this past winter they had to call the Neptune Police Department to figure out how to turn their heat on. She stated she appreciated Mr. Anthony explaining the ordinance but not advocating. He merely advised everyone what the ordinance would do. She felt they should not have to call the police regarding the heat. She stated they also turned off their water without any notice and there were no real notifications for anything. She felt rent control would help control some of these things. She wanted the landlords to be held more accountable and she was not referring to single family homes but to larger developments.

Kurt Cavano stated he was an owner of rental properties in Neptune and question whether this was for larger complexes because most towns were going away from rent control because it does not make landlords invest in the property. He stated this were their investment and since Red Bank did rent control they lost 110 properties. He questioned whether they wanted that and what would happen to the community if that were to happen. He also questioned whether Mr. Bishop explained to the residents that were having problems the legal way that they could get help by going to a Land Use judge and file a complaint.

Mr. Bishop informed him that he did.

Mr. Cavano questioned whether any of the tenants did.

Mr. Bishop stated no.

Mr. Cavano stated their taxes have been raised 3.2% and whether they knew how much this would cost and have they budgeted for this.

Mayor Houghtaling stated no and asked Mr. Cavano if he knew how much it would cost.

Mr. Cavano stated after the first year it would probably cost a couple hundred thousand dollars.

Mr. Anthony stated first of all there were some towns that only had meetings when complaints are filed and their budget is next to nothing. Red Bank has a meeting every month and there budget is around \$12,000 and would not cost a \$100,000.

Mr. Cavano questioned how can you plan this without having a budget or know how much it would cost the residents.

Bill Johnson stated he's a landlord and the State gives back to the landlord as far as taxes.

Ophelia Davis, Winding Ridge Ct, stated she's lived in Winding Ridge for 17 years and she's been disabled and there no where else in Neptune she could afford to go and she has a 17 year old daughter who would have leave Neptune as well and they do not want to move.

George Cannon stated he lived in Neptune for 65 years and is very involved in Neptune. He felt rent control was bad for everyone and he wasn't sure if they were aware of the implications of having it. He read a prepared statement and stated when it is implemented the builders would not come in to build. He urged the Committee to take two weeks to read over the material. He gave them to make sure this was what they wanted. He felt the whole town would be hurt.

Charles Whiteman stated he was a summer resident and he was only here this evening for his grandson who is an eagle scout and needed to attend a meeting. He sated he was an apartment owner and would not invest in apartments that were in areas that had rent control. He stated it really hurts the people that it is suppose to help. He urged the Committee to reconsider this.

Carol Morgan, Vice President of Winding Ridge Association, stated she loves where she

lives and she loves her neighbors. She questioned the meaning of maintaining the units because where she lives the only time the owners do anything is when something breaks down. She stated last year they were informed that they would no longer be considered affordable housing. A lot of people rent because they can't own. She urged the Committee to approve to approve the ordinance tonight and not two weeks from now.

Bruce Shapriro, NJ Association of Realtors, requested the Committee take the time to research this and table it tonight because they want people to invest in this town.

Danielle Daly, 10 Fulton Placed, asked the Committee to rethink this ordinance as well and questioned how they got to this. She stated she understood both sides but stated it affects everyone. So she urged them to take more time and do more research by talking to other towns and other people.

Linda Johnson, Chaphagan Drive, stated she was listening to the realtors because they want to make as much money as they can. She did not think that they should wait two weeks. She felt someone had to look out for the little people.

Bonnie Jensen stated she was a realtor and has lived in Neptune her entire life. She felt they were putting out a match with a firehouse. She felt this was ridiculous and was over kill only because Winding Ridge was having a problem. She stated this would affect her and the investors. She went on to state that Winding Ridge are fabulous apartments and was better than where she lives. She felt that investors should be allowed to make profits and she did not feel that every landlord should be penalized.

Kelly Kimbrough stated this was more than about Winding Ridge, it was also about Neptune Gardens as well because they came in and raised their rent by \$350. She listed the many problems that existed such as the owner fixing the outside but not fixing the inside of the apartments. She asked for fairness on both sides.

Rosemarie Villanova, Abbott Avenue, stated she heard what the residents were saying about the up keep of the property but rent control is not the answer to that problem. She stated code enforcement should help with these situations. This felt this ordinance was only going to make their situation worse because rent control doesn't cure the problem we cure the problem. She stated she noticed bed and breakfasts were taken out and they were guided under a transient guest rule when in fact some tenants stay for winter rentals. She did not feel that Mr. Bishop should vote because he benefits from a bed and breakfast. She felt it was a conflict for her.

Mr. Anthony stated every town that has rent control excludes transitory. He said long term was a yearly rental and seasonal s are not included in rent control.

Mrs. Villanova stated the ordinance was ambiguous.

Mr. Anthony stated it wasn't and that this was the way the ordinance has been interpreted in every town.

Mrs. Villanova requested the ordinance be tabled for two weeks.

Mr. Anthony stated the exclusion that's similar to Mr. Bishop's is the same in every town that has rent control.

Barbara Vtoli stated she lives in Jumping Apartments and her rent goes ups \$45 every year and she felt that rent control was needed.

Charles Layton, 96 Mount Hermon Way, stated he was not sure how to solve this. He stated a lot of the people here tonight have hardly ever taken an interest in coming to a Township Meeting before. He felt the Code Department was broken because the Township doesn't have the revenue and cannot lay people off. He stated they come here tonight because they have a financial interest and once this goes away they will not help them solve the problem. They will go away and not come back until a problem arises again.

Linda Curry, Milton Avenue, stated Neptune Garden Apartments has a new landlord who purchased it in January of this year. She stated the problems she was having in her apartment and she has a medical condition and cannot reach him by phone or certified mail. She stated Mr. Bishop had her contact the Code Enforcement Department who contacted the owner. The owner then put in a radiator that blows steam and she has two small children and they cannot be around it. She stated she went to court for mold and they made an agreement and until this day the mold is still there. She stated Code Enforcement will have to tell her it is done.

Jack Green stated rent control was not going to solve this problem. He stated the landlords here are involved and asked that they don't hastily get involved in this. He stated there were times that he has had people in his rental and he didn't raise their rent right away because they had problems and if this happened he won't be able to do that anymore. He stated a lot of investors would not be able to buy into a rent control area.

Barbara Thompson, 6 Winding Ridge , stated she's been attending the meetings but the landlords do not attend meetings. The landlords are trying to rip off the tenants and now they want to sell the apartments. She stated she could not work now because she's battled cancer twice and is on disability. To move now would be devastating.

Janet Manning, 23 Abbott Avenue stated she felt sorry to hear the stories and owns a four family home and it's her major investment. She works with her tenants and they treat her home well. She stated she wants them to stay there. She stated the bad apples needed to be fixed and not the ones that are doing what they are suppose to. She felt there were other ways to do it. She also stated that Mr. Bishop's Bed and Breakfast was exempt.

Mayor Houghtaling stated there were no personal interest here.

Alva Flores stated she was a renter and questioned what happens if the landlord didn't like it and decides to oppose the families and questioned what if the landlord could not afford to keep the property up.

Mr. Anthony stated there were relocation requirements when he explained.

Sharron Davis, 302 Neptune Boulevard, stated this will help because it won't hurt. He stated in his apartment there was a running hot faucet in their shower. The kitchen sink has low water pressure and it takes an hour to do ten dishes and there's mold. He stated the only people it will effect are the one's gaining financially.

Jane Cansall, 33 Broadway, stated she felt for the tenants and she was a good landlord. She stated she had a nine story brownstone that she inherited from her father that she could not afford to take care of but she needed fair rent to keep it up. She stated she wished they could come to a happy medium and not penalize the good landlords but to go after the slum lords.

Irving Day, 38 Winding Ridge Drive, stated it was the big landlords that were the problems. He stated the question was who was going to get thrown under the bus. He 's disabled and has a disabled son and his options are limited but they came here for help and they are asking that we wait longer. He asked the Committee to protect them from the landlords that will hurt.

Jim Granelli questioned why does one side get penalized. He suggested the ordinance be tabled for two weeks and help the residents and the small landlords. He stated he did not think rent control was the way to go.

Hank Coakley commended Mr. Anthony on his presentation and would like to have more information presented. He questioned how could the government control what landlords make. He requested more information that would help both sides.

Kennedy Buckley stated he felt this was an over reaching ordinance that was taking on more than it should. He stated tonight they were hearing from other sides. He felt they maybe solving problems with two big a weapon and rent control would not solve a code issue and out of town landlords were a problem.

Elizabeth Handy, 19 Winding Ridge Ct, stated she's lived in Neptune all of her life and she's taken care of two granddaughters since birth. She stated she never thought she would have to move and it's a decent place but there's water problems. She felt her grandchildren had the right to live in a decent place.

Len Steen questioned stated Mr. Anthony spoke to the Committee regarding the pro's and con's of this ordinance. He questioned what were the con's.

Mr. Anthony stated without vacancy decontrol the ordinance would be harsh. He stated he basically worked the cons out of the ordinance.

Mr. Steen asked Mr. Anthony whether he was 100% comfortable with this ordinance.

Mr. Anthony stated he was 100% comfortable with the ordinance.

Mr. Steen asked Mr. Anthony if he was sure that there's not some things they could be changed. He stated they would lose rentals.

Mr. Anthony questioned where do you draw the line.

Mr. Steen stated they were not big housing complexes.

Daniel Beaman, 129 Clark Avenue, stated he's never read of an economist that's been in favor of rent control. He stated he would like to see the economic studies to show it helps everyone in the long run. He stated it hurts the residents and it creates inefficiency.

There being no further comments, the Mayor closed the public hearing.

The ordinance was adopted on the following vote: Bishop, aye and that it pisses him off for people to say that we slip this through. He stated he never asked to be exempt. It was an insult for someone to say those people will vote for me anyway. He started talking about this long before the ordinance was written. He said he doesn't vote for what is politically correct. He votes for what he believes in. He's spent weeks reading different stories and what he's read all say this is the kiss of death. Others have said it is Chris rising on the third day. He stated some landlords are trying to do the right thing but there are others that are not and they are in Ocean Grove as well. He said to those who said his political career was dead then let his tomb stone say he fucking cared about people; Brantley, aye and that this was not new to him either. He commended the attorney for the job he's done. He gave the pros's and con's . It protects a lot of people and we can't wait any longer. He stated he did not want to see landlords or tenants suffer but to see someone's rent go up 45% we have to protect them. Some of the conditions in their homes are not good; Jahn, aye stated she's experienced some of the things that the tenants have. She's visited Neptune Gardens, Monroe Gardens and Winding Ridge and they've failed a lot of people. She stated she was afraid that we were going to catch a lot of people up verses the ones who don't live around here or don't care but at this point because of our failures she had to throw a lot in with Dr Brantley. She knows this will not be a final version and they will have to go back and get the small landlords out of this law and get the big landlords ; McMillan, aye and stated he thinks its best to help the tenants and protect the landlords that are doing the right thing. He stated he felt a 45% increase in rent was not right; and Houghtaling, aye and stated the new owner of Neptune Garden Apartments thought that he could push out the people who were the fabric of our community. We are not about that. He stated he was elected to protect the people and they are taking a stand. We will not be afraid to revisit the ordinance because we want to be fair to everyone.

Mr. McMillan offered the following ordinance, moved and seconded by Mr. Bishop, that it be adopted:

PRIVILEGE OF THE FLOOR/PUBLIC COMMENTS

Mr. Bishop apologized for inappropriate language during the public hearing for Ordinance No. 13-26, it was unprofessional.

Frank Vitale, asked to confirm that rent control does not apply to two units or less. Mr. Anthony stated that is correct. Mr. Vitale stated that the language in the ordinance is not clear. It should specifically state that one or two unit dwellings are not included. He added that all rent control ordinances exempt Section 8 housing and the ordinance should allow landlords to bank rent increases that are not taken.

Dorothy Argyros, 2100 Rutherford Avenue, stated that the Committee chose the right way and they have her vote forever.

Hank Coakley, Valley Road, stated that there was an article in the Asbury Park Press about someone had trouble obtaining a grant due to residency. He stated that years ago, a State Judge changed the term residency to domicile which led the way to permit police officers and firemen to move out of the town they work. Mr. Anthony stated that the term "primary residence" and "domicile" are one in the same.

Jim Granelli, Highland Avenue, stated that you should never apologize for something that you believe in. He asked for the starting salary of a police officer. Mr. Bascom responded \$37,000. He stated that illegal left turns from the Wawa on to Route 66 continue. He added that he wants to be a liaison with the person in charge of changing the name of the park in Shark River Hills to Volunteer Park. Finally, he stated that the small landlords should be protected.

Constance Holmes, Winding Ridge Property Owners Association, thanked the Committee for the vote on rent control.

Barbara Thompson, thanked the Committee for their consideration on the rent control ordinance.

Heinz Weck, Ocean Grove, reminded the Committee that there are still potholes on Central Avenue between Surf and Atlantic Avenues.

Mr. Bishop offered a motion, seconded by Mr. McMillan, to adjourn. All were in favor.

Richard J. Cuttrel,
Municipal Clerk
