PUBLIC COMMENTS ON RESOLUTIONS

Kennedy Buckley, Broadway, commented on Resolution #16-162. He stated he appreciated that services have been maintained despite budget cuts and personnel costs. He felt the manager has managed it well for the Township but one area that is a problem every couple of years is when a big snow storm hits. He questioned whether the Township has hired personnel to issue the summons that should be issued to enforce ordinances.

Mr. Gadaleta stated the ordinance was adopted and changed from the prior ordinance which the Township had to clear. He stated they do have adequate staffing to manage the ordinance in both Code Enforcement and Public Works.

Dorothy Argyros, 2100 Rutherford Avenue, congratulated the Committee on the accreditation. She commented on Resolution #16-154, she stated they were taking money out of the budget from roads and lights and putting it into group insurance and legal. She felt it was a reference to liability suits, police brutality suits and all the lawsuits that they have been getting. She also stated the Seidle suit was coming down. She stated the resolution terminating him was on the meeting this evening.

Mr. Bascom stated these were reserve transfers that had excess left over.

Mr. Bishop stated there were many other legal expenses as well.

Jack Bredin 94 ½ Heck Avenue commented on Resolution #16-153 stated that part of the boardwalk was now entering into the need of redevelopment and this Committee was in charge. He questioned whether the building is being built according to how they want it developed.

Mayor McMillan stated he felt this was a stretch as related to his argument and at this time they should only be discussing the change order.

Michael Fornino, 120 Fulham Place, commented on Resolution #16-143 and questioned whether they had a person in charge of the Economic Development.

Mr. Gadaleta stated yes and it was mainly made up of volunteers and he's been assigned to act as the Executive Director. We also have other staff that assist the Economic Development Corp.

Mr. Fornino suggested calling it the Development of Economic Development and put various departments under that.

Mr. Gadaleta stated this was not an employee they were hiring, it is a firm to assist the Township in marketing in a number of areas.

Mr. Fornino also questioned what took the Township so long to terminate Mr. Seidle because this happened in June.

Mr. Anthony stated they had to wait until they had the criminal prosecution but he entered into a plea and that allowed us to take that step. He stated if he was not guilty they would have had a problem laying him off. He stated they were not judge and jury.

Mr. Fornino questioned whether Mr. Seidle was being paid during this time.

Mr. Bascom stated he was suspended without pay.

Gail Oliver, Neptune City, commented on Resolution #16-143. Stated she was concerned about West Lake Redevelopment and questioned whether this would be a part of Mid-Town strategy.

Mayor McMillan stated they would be looking at the whole town.

Ms. Oliver recommended the Township consider hiring a consultant to do redevelopment and she did not get much of a response. So she wanted to know what this encompasses.

Mr. Gadaleta stated it encompasses whatever the Township Committee feels is best to promote Neptune Township and that includes redevelopment and all of our activities. It is whatever is best for Neptune Township and to get us out there.

Mr. Bishop stated we have been looking for redevelopers and this could help us get positive information out.

Hank Coakley, Valley Road questioned whether Mr. Seidle could have been terminated right after that heinous act from the Civil Service Commission.

Mr. Anthony stated they did not have a Civil Service Commission.

Mr. Coakley stated in other towns people were terminated pdq. He felt that Mr. Seidle should have been hung immediately.

Mayor McMillan read the following prepared statement:

Tonight the Township Committee will be asked to introduce the 2016 Municipal Budget. This governing body has continued to work hard to provide our residents and businesses with the services they expect, while holding the line on budget increases. The Neptune Township Municipal budget has grown just 2.4% over the past seven years. This can be attributed to tough decisions that have been made over the past several years to eliminate full-time and part-time staff to fill certain roles previously filled by full time staff, privatizing certain programs, sharing services and implementing work closely with the Administration to ensure that we can maintain the service levels our residents expect while implementing new efficiencies to comply with the spending allowances within this budget.

Unfortunately, Governor Christie has not restored any of the municipal property tax relief funding that has been diverted away from the Township to State coffers. In addition, the Township must increase payments to the state pension program to cover losses that can be attributed to poor fiscal management by the state and the failure of the state to pay a fair share into the system for over a decade. As a result of these issues, even with no spending increase, we will pass on a moderate tax increase of 2 cents per 100.00 of assess value. In 2016, the average home in Neptune will see an increase of approximately \$4.00 per month.

Our tax rate is projected to be 78.2 cents per \$100 of value for 2016 as compared to 76.2 cents last year.

Our budget is \$1,300,000.00 below the state Budget Appropriation CAP and \$30,000.00 below the state Levy CAP. A public hearing and a more detailed presentation will be provided at our meeting of April 11, 2016.

PRIVILEGE OF THE FLOOR/PUBLIC COMMENTS

Erin O'Connell, 35 Embury Avenue, lives across the street from Serenity Inn. She stated there was a drug bust and the members returned within two days. Last week a resident ran into two cars and the house is in a state of disrepair.

Mayor McMillan asked if she thought the neighbor was inebriated.

Ms O'Connell stated these were her neighbors and she was concerned. She went on to state that there was a lot of work in early fall and work started on the house and then it stalled.

Mr. Gadaleta stated they have been out there and have had the County Health Department and inspections. He assured her that he would address them again and get back to her.

Chris Scheutz, Oakcrest Drive, thanked Mr. Bishop for the kind words and the Committee for the appointment. She stated she looked forward to serving on the Board.

Dorothy Argyros, 2100 Rutherford, stated on March 22nd the Asbury Park Press had an article regarding the tax pilot program and they mentioned the biggest increase would be Neptune Township increasing taxes by 24%. She handed out a flier. She begged the Committee to opt out because they had the option to do so.

Jack Bredin, 94 ½ Heck Avenue, stated when the Camp Meeting announced they were going to start the development of the North End Redevelopment in early 2013 he went to the Ocean Grove Sewer Authority. He was able to figure out there was water going into the Pavilion and there was electric & gas going into it as well but he couldn't find any indication of a lateral sewer line. He went to the Sewer Authority and inquired and the answer was no. He suggested the Committee look at their plan along with the Township Engineer. He asked if the Township knew whether there was a sewer connection.

Mr. Bishop stated there was a connection into that building and explained the process of using it again.

Mr. Bredin asked whether there was a signed contract or not.

Mr. Anthony stated they were waiting on financials from WAVE and their new partners. He also stated there was one environmental issue that they were addressing and once that has been addressed they will provide us with the financials and the information about the partners.

Mr. Bishop stated in this particular situation we are the redevelopment authority that did the plan however we allowed the private property owner to choose their own redeveloper and that is what is unique about this situation.

Dianna Harris, MURC, stated an RFQ was sent out for redevelopment and there were no responses and then a group of letters were sent out and there are still zero responses to the letters. She stated she told Mr. Gadaleta that they need to get on the phone with the developers and get them engaged with what is going on and why we need their input. She stated this has been over ten years. She asked for their and push to get this started. She stated she was at a meeting in another and they knew nothing about it. She suggested the Township do better as far as advertisement and meeting with the community and make sure they meet the needs of the residents.

Carol Rizzo stated she would like to get more involved and she would like to talk with Mr. Gadaleta about it. She would like to get together and get everyone engaged.

Mr. Gadaleta stated they did send out an RFQ and no one responded to it and then they went directly to these development entities within the State, they reached out to the County and they got a very broad based list and then they got a more precise list of those that were doing redevelopment in the area including Asbury Park's Eystar Corporation. They sent out copies of redevelopment plan and no one responded. He stated he agreed that perhaps the next approach is a telephone call and hopefully they will talk with them. The Township was invited to participate in the Builders Association Conference in Atlantic City the end of this month. We agreed to take a free booth and promote the Community and both Monique Burger and George Waterman will be in attendance.

Mayor McMillan asked Ms. Rizzo to take the lead on this.

Mr. Bishop agreed that we did the input a while ago but we need to freshen it up and ask that it meet the needs of the residents.

Kennedy Buckley, Broadway, questioned when would Mary Beth Jahn's position as a member of the negotiating committee for the North End Redevelopment be filled.

The Committee stated it's done and it's Carol Rizzo.

Mr. Buckley questioned whether the WAVE agreement has been finalized.

Mr. Anthony stated he received a phone call today from Bill Gannon and he indicated that there was an environmental issue that they had to resolve and it has delayed it slightly.

Mr. Buckley questioned what was the status of 4 Boardwalk's rotten substructures, etc.

Mr. Gadaleta stated he could only tell him based on the information they received regarding the boardwalk project that there is some minor rotting of a board but that is about it. There was nothing major

Mr. Buckley questioned how the sewer was being discharged for that. He also asked if the Township was aware of the Geese population near Fletcher Lake.

The Committee stated they were aware of it.

Mr. Buckley stated he witnessed a woman throwing buckets of food seeds to them.

Mr. Gadaleta stated if our enforcement agency observes it will be enforce. He stated if he observed it as he did today he should have reached out and it would have been taken care of.

Mr. Bishop suggested taking a photo of the license plate.

Michael Fornino, 120 Fulham Place, stated the gentleman was correct about the pipes and relayed what he's seen. He stated on the south side of the parking lot of Shop-Rite there should be a light.

Mayor McMillan asked Sgt. Zarro to look into it.

Mr. Fornino stated they did not do a very good job in enforcing the snow ordinance and his street is still torn up and questioned the status of that.

Mr. Anthony stated they were still going through arbitration with the contractor who they are not satisfied with the work he is doing. They still have him on the line to do the repaving which they are scheduling right now. It should be moving along pretty soon.

Mr. Fornino questioned how the public relations cost would be bill to the Township.

Mr. Gadaleta stated it would be a monthly fee with an annual contract and was discussed at both meetings they've had with the governing body. They need to do the work we need them to do.

Rob Banstra, 27 Jumping Brook Road, stated 4 ton trucks are raddling his neighborhood. He questioned whether speeding calming workshops was in the works.

Mr. Bascom reminded him that they were meeting internally and moving forward the Committee would decide when they would like to have the traffic calming workshop.

Mayor McMillan suggested putting it on the meeting in two weeks.

Ms. Rizzo questioned whether the street was allowed to have trucks like that.

Mr. Banstra stated no and the quality life has diminished. He questioned the status of the bollars.

Mr. Gadaleta stated they would be going out.

Mr. Virgilio stated the trucks turn on Jumping Brook Road and then they are warned that they are not allowed but they need to be warned before they make the turn. He went on to state that something needs to deter them.

Mr. Bascom stated man power was limited and could not just sit on one street. He stated they were looking forward to having seven law enforcement officers graduate and we can put them on things like this. He stated other things that have been put into place to help situations such as this. He stated they recognized the need.

Blanche Dunbar, 40 Lynn Drive, stated she spoke to Mr. Gadaleta in reference to reconstructing Jumping Brook Road. She stated no one ever mentioned that the residents would be affected and trees have been cut down on her property.

Mayor McMillan questioned whether the Township could replenish the trees through the Shade Tree Commission.

Mr. Gadaleta stated he has spoken to Ms. Dunbar and at the time of the year it was not planting season and as it gets into Spring they will be planting a row of trees. He stated there is a proposal to replace her tree.

Gail Oliver, Neptune City, questioned the need for the customer service representative in Vital Statistics.

Mr. Gadaleta stated the Township has always had three full time employees. One employee transferred to records and they determined to hire a part-time employee who is bilingual. It's an entry level position.

Ms. Oliver stated the traffic along the Route 35 Circle near the businesses back up all the way to Monroe Avenue. She stated it took her ten minutes to cross over to the other side of the circle while waiting at the fork in the circle.

Mayor McMillan stated that both he and his wife experienced it as well and it has been expressed with the DOT.

Mr. Gadaleta reiterated that they've expressed it to the DOT.

Joel Popkin, Inskip Avenue, agreed with Mr. Buckley regarding the water fowl problem in Ocean Grove. He felt that it was worse because people were feeding them. He stated more enforcement was needed. He also stated he had experience in redevelopment and would be interested in helping.

Hank Coakley, Valley Road, commended Mike Bascom, the Committee and Police Department for getting an award. He commended the NJ State Parole Board by refusing to grant parole for a convicted murderer of Werner Foster out on Route 80.

Mr. Bishop offered a motion, seconded by Dr. Brantley, to adjourn. All were in favor.

Richard J. Cuttrel,
Municipal Clerk
