Education and Recreation...a great fit!

Dear Friends:

It is with great pride and excitement that I announced that the 24th Annual Neptune Township Mayor's Ball will be held on Friday, June 23, 2017 at the Jumping Brook Country Club. This annual gathering of residents, friends and supporters of Neptune Township has long been a staple in our community and a critical opportunity to lend financial support to organizations and efforts making a difference locally.

As always, our Ball Committee is already hard at work to make this year's event the best ever. With the theme "Education and Recreation, a Great Fit", our event this year will raise funds for the Neptune Township Recreation Trust Fund, and more specifically, help us launch an innovative after school recreation and learning program. This new addition to our already robust recreational offering will prove to be another critical component in our efforts to write a new chapter for Neptune Township together.

When I started my third term as Mayor, I stated that we would put heavy focus on working more closely with our schools, encourage the development of even more meaningful relationships with those looking to invest in Neptune Township, and most importantly, give our residents more opportunities to join with us in making our communities stronger. This year's Ball will accomplish all three.

There are many opportunities to get involved, and I hope you will be as generous as possible in your support for this important event. Information regarding tickets, sponsorship and advertising opportunities are enclosed.

I truly look forward to welcoming you among our nearly 400 guests on Friday, June 23.

Gratefully,
Dr. Michael Brantley
Mayor
