Chair Williams gave a summary of his May 19<sup>th</sup> submission to Sustainable Jersey:

**The Neptune Green Commission proposed 15 Actions for Bronze Certification have been submitted to meet the May 22nd deadline.**

- The total proposed points is 165pts which exceeds the required 150pts for Bronze Certification - and know that we can add at any time more Actions as desired.
- 13 of the 15 Actions were Certified in 2018 for Bronze Certification.
- 2 new Actions were added Tuesday night at our meeting and they are marked with a \*
- The first Action - **Create Green Team** - was completed at our Tuesday Meeting with text information and 4 attachments.
- 3 of the Actions are already approved for 2022 = a total of 40pts: no dated information was removed from these 3 Actions.
- All dated information was removed from the other 9 Actions that had been certified in 2018.
- The list includes:
  - 1 Mandatory Action - 1 required
  - 4 Priority Actions - 2 required
  - 6 categories - 6 required
- Our next deadline is August 28 where all Actions must be completed IF the Township wants to be included in the Jersey Sustainable Annual Recognition Luncheon; otherwise the final deadline for all submissions is November 20th.
