Sessions aim to develop confidence and motor-coordination skills while providing a supportive, fun, and non-threatening environment. This can be a participatory program for parents who so desire. The perfect preparation for private or semi-private lessons for eager young aspiring equestrians! Repeat participants are welcomed as PonyShare constantly introduces new games, challenges and course materials. A winner by many...furlongs, this program tends to book fast. The 4-day PONY GROOMING & RIDING PROGRAM (PGRP)

WHO: Ages 7 –13 (groups broken down according to age & experience, if any)

WHAT: This unique program provides an exciting and inexpensive hands-on introduction to the wonderful world of equines in a fun-filled and non-threatening atmosphere. PonyShare uses camp-trained ponies and cobs, smaller and easier to handle than their larger equine counterparts. After reviewing safety rules, materials previously covered, and learning new subject matters, participants are assigned their size-related ponies or cobs. Small groups of 4-5 children are formed and work under the tutelage of a qualified and motivated counselor. Some of the horsemanship matters covered include: **Safety on and around horses, basic anatomy, equine senses, body language, grooming, the tack and harness, driving the miniature horse, English & Western styles, barn management and careers in the industry.** A portion of each session is dedicated to actual riding. This program enhances team work, self-esteem and camaraderie while helping develop a genuine appreciation and respect for the animals. **FEE: PGRP: (\$225) 4 days x 2hr/day**
