HEADLINE NEWS

Sometimes writing this column can be a challenge! I find myself sitting, staring upward out my office windows looking towards the clouds for inspiration. I know you've seen me (yep, I saw you peeking through my windows). But really, I was trying to get inspired!

So as I thought about August and looked at the clouds, I started to think about how things are not always as they seem. I mean we talk about the "dog days" of August but, really the average temperature for July is hotter! And those light fluffy clouds I'm looking at, boy have they got you fooled. Did you know the average cumulous cloud weighs 1.1 million pounds, the equivalent of approximately 100 elephants! So much for light and fluffy maybe I don't feel so bad about my weight now!

But, think about it. Often we take things, people, at face value. How they present themselves to us is who they are. We may think they are silly, strange, angry, or any number of other emotions. But when you really sit down and talk to them you may learn they are totally different than your first impression. Realize that what you just did, someone is doing to you - making a judgement without getting to know who you really are.

So, in the "dog days" when you drop by the Center and you see that your usual bunch isn't around, take a moment to go talk to that silly, crazy, cranky person you noticed but with whom you never spent any time (that includes the Director). Maybe, just maybe, you will find a new and interesting friend hidden among those clouds. Stay cool and be well.

THE SENIOR CONNECTION

From the Desk of Deputy Mayor Robert Lane, Senior Center Liaison

The Neptune Township Committee takes the safety of it's residents as a top priority. I am proud to announce that my colleagues and I recently hired three new law enforcement officers, one a lifelong Neptune resident!

As summer ends the Township is finalizing the long awaited plans for a living shoreline along the Shark River. While beautiful, it also provides natural flood mitigation. We all remember how heavily impacted many of our neighbors in Shark River Hills were by Superstorm Sandy.

I'm pleased to announce that the North End Redevelopment agreement is close to being finalized, hopefully by the end of summer. While this has also taken many years, we know this will be a great addition to the Historic District on land that has been vacant for decades.

Don't forget to join us for National Night Out on Tuesday, August 6 from 5:00 pm to 8:00 pm. This annual event celebrates the community and its Police Officers. It is always an enjoyable evening with great food, good fun and information about many services and opportunities right here in Neptune Township.

Enjoy your August and stay cool!
