From insid

Right sid of the
house
First Floor wood
window broken
can't open ~~af~~ or
close

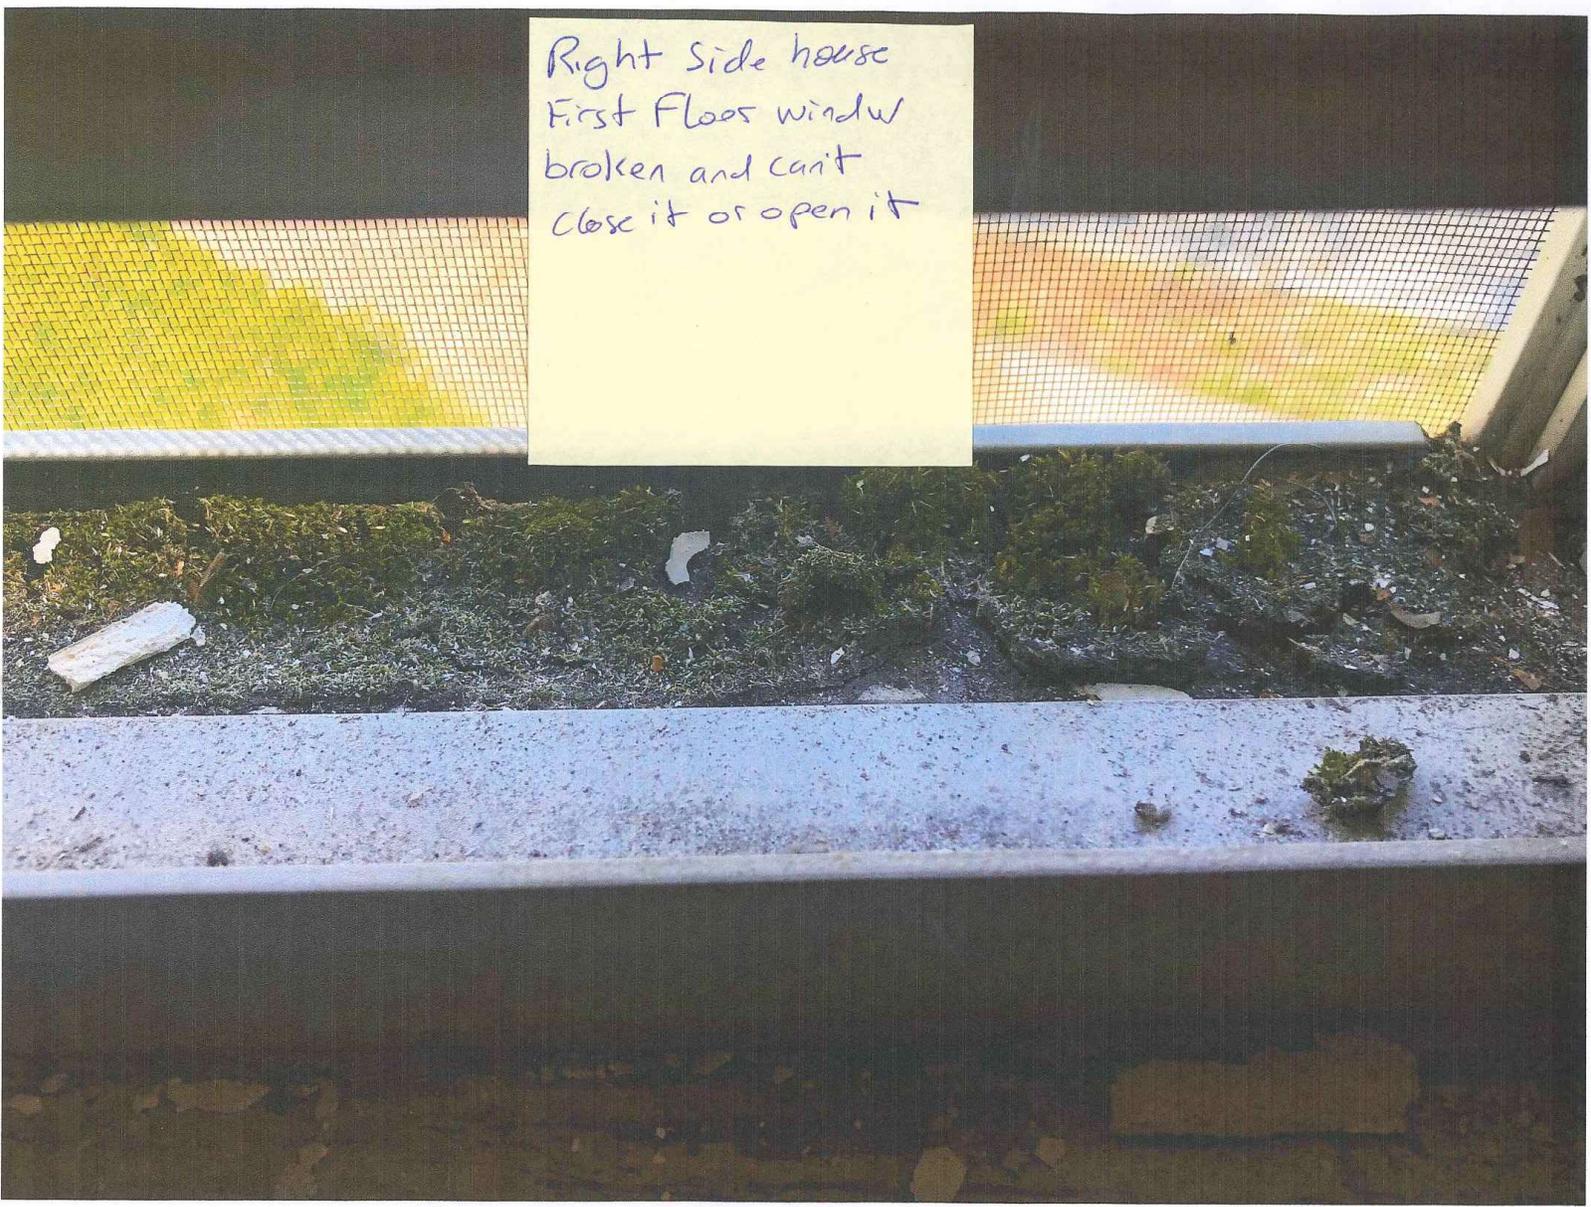

A photograph showing a broken window in a brick house. The window is shattered, with glass shards and a jagged opening. A yellow sticky note is placed on the window pane, containing handwritten text. In the background, a brick building with two windows and a tree is visible. The scene is captured from an elevated perspective, possibly from a balcony or a high window.

First Floor window
Rotten wood, window
can't open or close

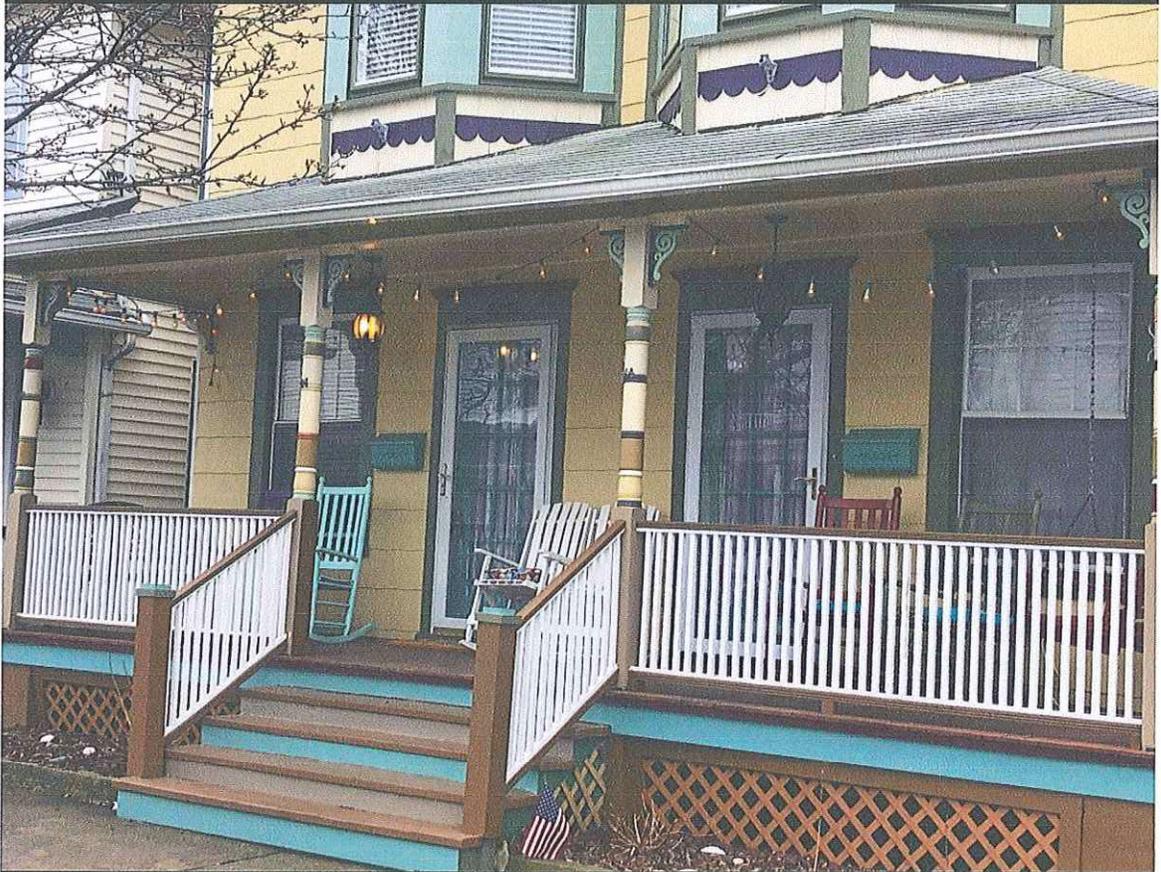

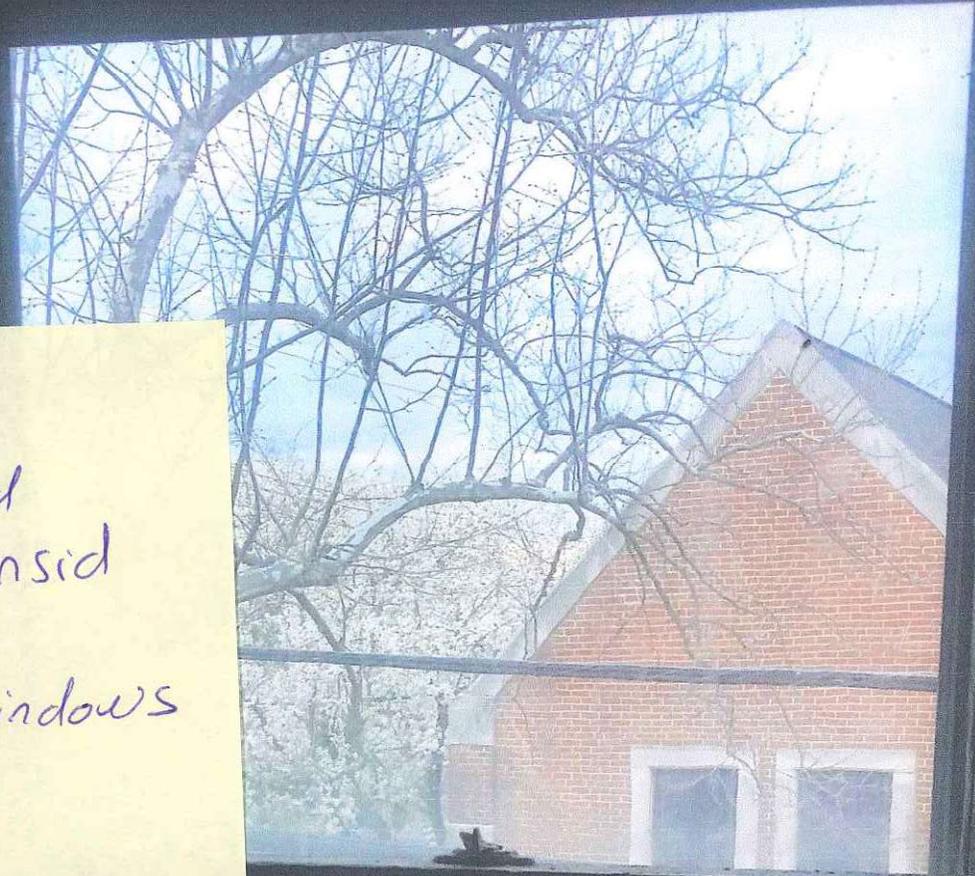

these are homes
that are same
style as our home in
and have the same
windows that we
are applying for.

Thanks you
these home are in OG
