

NEPTUNE TOWNSHIP CELEBRATES BLACK HISTORY MONTH AND JUNETEENTH

BLACK HISTORY IS AMERICAN HISTORY!

Black History Month

In 2003 a group of community volunteers spearheaded a planning committee to provide an annual celebration of Black History Month for Neptune Township. Its purpose is to educate the community about the experiences, contributions, and achievements of African Americans, expanding knowledge of this part of American history. The Planning Committee, with support from the Township, works in collaboration with the Neptune School District, and local businesses, community leaders and organizations to present an informative and engaging free event for the community. The program varies each year and includes speakers, poetry, art, music, skits, and dance, with a particular focus on participation of students in grades K-12. Neptune citizens and organizations are recognized for their accomplishments and contributions; and in recent years a student media contest has been held to provide students the opportunity to voice their perspectives on the annual Black History Month theme.

Black History Week celebrations began in 1926 as part of the Association for the Study of Negro Life and History to educate the national public about the contributions of African Americans to U.S. history. The celebration was expanded to a month-long celebration in 1970. Each year the now named Association for the Study of African American Life and History (ASALH) selects a theme that focuses on a specific aspect of Black history and culture. <https://asalh.org/> The Neptune Black History Planning Committee uses the ASALH annual theme for guidance in developing a theme for Neptune's celebration.

Juneteenth

In 2021 the Neptune Black History Committee began organizing an annual celebration of Juneteenth to educate the community about the federal and state holiday that recognizes this important historical date in U.S. history. Music, games, crafts, dancing, speakers, refreshments, prizes, parades, and a flag raising, are featured as well as a resource fair providing information on health, education, housing, nutrition, safety, and voting. This event is supported by Neptune Township, the Neptune School District, and local businesses, organizations, community leaders, elected officials, and resource agencies.

In 2020, the NJ Legislature designated the third Friday of June, as a State and public holiday, known as Juneteenth Day. Juneteenth National Independence Day (also known as Jubilee Day, Emancipation Day, Freedom Day, and Black Independence Day) became a federal holiday in 2021. The date commemorates June 19, 1865, when enslaved people in Galveston, Texas, were informed 2 ½ years later about the Emancipation Proclamation. President Abraham Lincoln issued the Emancipation Proclamation Jan. 1, 1863 freeing enslaved people living in Confederate States. The passage of the 13th Amendment of the U.S. Constitution on December 6, 1885, finally freed all enslaved people in all the States, ending nearly 250 years of slavery in the United States

More information about the Neptune Township Black History Month and Juneteenth celebrations is available in the Neptune Public Library Archives and at <https://www.facebook.com/neptuneblackhistory>
