

HPC2020-096  
15 New York Ave

Hello,

I see that the board did approved HC-4 Hawthorne Yellow last year for #94 Mt. Carmel, HPC 2019-011 and were planning to look into adding it to the allowed colors. We would like to be approved for the color also for the main body of the house, HPC 2020-096

Please see the enclosed front elevation photos and the HC-4 Color examples. Since the Benjamin Moore stores are not open currently to get paint chips, I included prints of the color from their web site.

Thank You!

Doug MacMorris.

**PLEASE NOTE:  
The proposed color has been  
printed and may not represent  
the actual color.**

X
