

Neptune Township Green Committee Minutes

Date: **February 8, 2022**

Meeting Type: **1st Full Committee Meeting**

Voting Members: **Williams, Klein, Lamont, Steverson**

Non-voting Members: **Cafferty, LaPlaca, Milmoie**

Guests: **None**

This was a short introductory meeting where non-voting Township Committeeman Keith Cafferty outlined the big picture mission for this Committee -- pursuing a bronze level, or optimally silver level, certification in 2022 for Neptune Township through Jersey Sustainable. We also took a quick look at the approved Actions of Neptune Township's 2018 Bronze Certification, noting that no Township efforts have been made for repeat certification in 2019, 2020, or 2021.

The 4 voting members were charged with the need to select a chair for the Committee by the next Full Committee Meeting, and to search for a 5th voting member for the Committee.
