

Neptune Township Green Committee Minutes

Date: **April 12, 2022**

Meeting Type: **3rd Full Committee Meeting**

Voting Members: **Williams (Chair), Klein, Lamont, Monroe**

Non-voting Members: **LaPlaca**

Guests: **Siboni**

The Neptune Township Committee approved Pat Monroe as a Citizen voting member at their April 11th Township Meeting, so Pat was formally welcomed onto the Committee at the start of our third Full Committee Meeting.

With again limited number Township non-voting members participating we continued to discuss and define what would be the exact role of the Citizen voting members in the full process of documenting the many Actions under consideration – both the 2018 approved but now expired Actions that qualified the Township for Bronze certification, but also additional Actions that might expand our submission to Silver status.
