

## Neptune Township Green Committee Minutes

Date: **April 26, 2022**

Meeting Type: **2<sup>nd</sup> Citizen Committee Meeting**

Voting Members: **Williams (Chair), Klein, Lamont (had to leave early), Steverson, Monroe**

Non-voting Members: **None**

Guests: **None**

---

Having Pat Monroe as our new 5<sup>th</sup> Citizen voting member of the Committee necessitated bringing her up to speed on our own internal view of our mission and proposed working procedures.

Prior to this meeting Chair Williams's had asked each Citizen voting member to select a couple of Actions that we might want to pursue with the Township with a possible goal of submitting enough Actions to qualify for Silver Certification." Each member discussed Actions they had evaluated.

In a follow up email to the Full Committee, Chair Williams wrote:

"Update: last night we had a meeting of the Citizen voting members of the Committee and we shared ideas on 13 actions above and beyond the repeat 2018 Bronze certified Actions that we had individually looked at and felt one of two things:

- The action has a good chance of being something the Township already does/is involved with.
- The action is one we don't think the Township is involved with but we'd like to see it do so."
