

## Neptune Township Green Committee Minutes

Date: **May 17, 2022**

Meeting Type: **4<sup>th</sup> Full Committee Meeting**

Voting Members: **Williams (Chair), Klein, Lamont, Steverson, Monroe**

Non-voting Members: **Cafferty, LaPlaca**

Guests: **Siboni**

---

This was our final meeting before our first submission to meet the May 22<sup>nd</sup> Jersey Sustainable deadline. We received today a spreadsheet from Township Clerk Gabriella Siboni that detailed 38 Actions that the Township currently considered viable for submission.

We briefly discussed the list of 13 Actions the Citizen voting members had selected for personal follow-up, but our focus was more on the upcoming submission.

The Committee decided at this time to just:

- Re-submit all 13 of the Actions that had been submitted in 2018 when the Township was awarded Bronze certification. Of those 13 actions, 10 are expired and 3 have continuing approval from Jersey Sustainable.
- Add 2 new Actions from Gabriella's spreadsheet:
  - Temperature Event Plan - 10pts
  - Emergency Communications Planning - 15pts

It was agreed that Chair Williams would finalize the online Neptune Township Application for Certification and make the submission himself before May 22<sup>nd</sup>.
