We took a deeper look at the spreadsheet Township Clerk Gabriella Siboni gave to the Citizen voting members on May 17th. It showed a dramatic reduction and huge clarification of our responsibilities. Of the 38 Actions on the spreadsheet, Gabriella had indicated just 6 Actions that required the Civilians to work on. All others were categorized as "Township Working on Proofs."

We discussed in detail these 6 and assigned Citizen voting members to each for follow-up research and presentation at the next Full Committee Meeting on June 14th.
