**PROJECT EXEMPTION**  
**LESS THAN 5,000 SQUARE FEET OF SOIL DISTURBANCE**

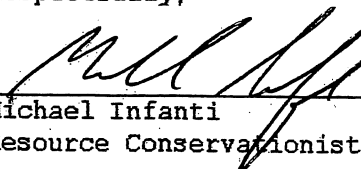

Dear PMB 66 REALTY, LLC,

This is to inform you that in accordance with the New Jersey Soil Erosion and Sediment Control Act; N.J.S.A. 4:24-39 et. seq., Chapter 251, P.L. 1975 and as amended by C. 264, P.L. 77 and C. 459, P.L. 79, anyone disturbing more than 5,000 square feet of the surface area of land for the accommodation of construction, must file an application along with Soil Erosion and Sediment Control plans to the local District office for review and certification.

Since the above referenced project involves a land disturbance of less than 5,000 square feet it therefore does not require certification of a Soil Erosion and Sediment Control plan.

However, should the land disturbance exceed 5,000 square feet, submission and certification of a Soil Erosion and Sediment Control plan may be required. If you have any questions, please feel free to contact our office.

Respectfully,

  
Michael Infanti  
Resource Conservationist
