1. Ed is still waiting for assistance in securing the floating islands and lights from AP DPW. Eileen will look into it.

3. The aerator was not able to be repaired with new parts. It needs to be pulled from the water and replaced. (Dan reported to Ed) Eileen will look into it. Gail was forwarded an email from Neptune from a concerned citizen wondering why the aerator was off. Gail responded to an email indicating Asbury Park was working on it.
